

We started our business in 1987 with the idea of helping to keep some German and Austrian traditions and customs alive. Rather than offering our own ideas, we listened to our customers.

As a result, we specialize in custom-made clothing for ladies and girls, namely Dirndl dresses. All of our fabrics and notions are imported from Austria and Germany, and we are able to offer new designs every spring and fall.

We are able to customize one dress or as many as 50 and more. We take our customers wishes into consideration.

Of course, we carry many other items, clothing as well as accessories and souvenirs.

We are still listening very carefully.
